## 7. Sign In

Users need to click on the sign In tab to login to open the dedicated landing page.

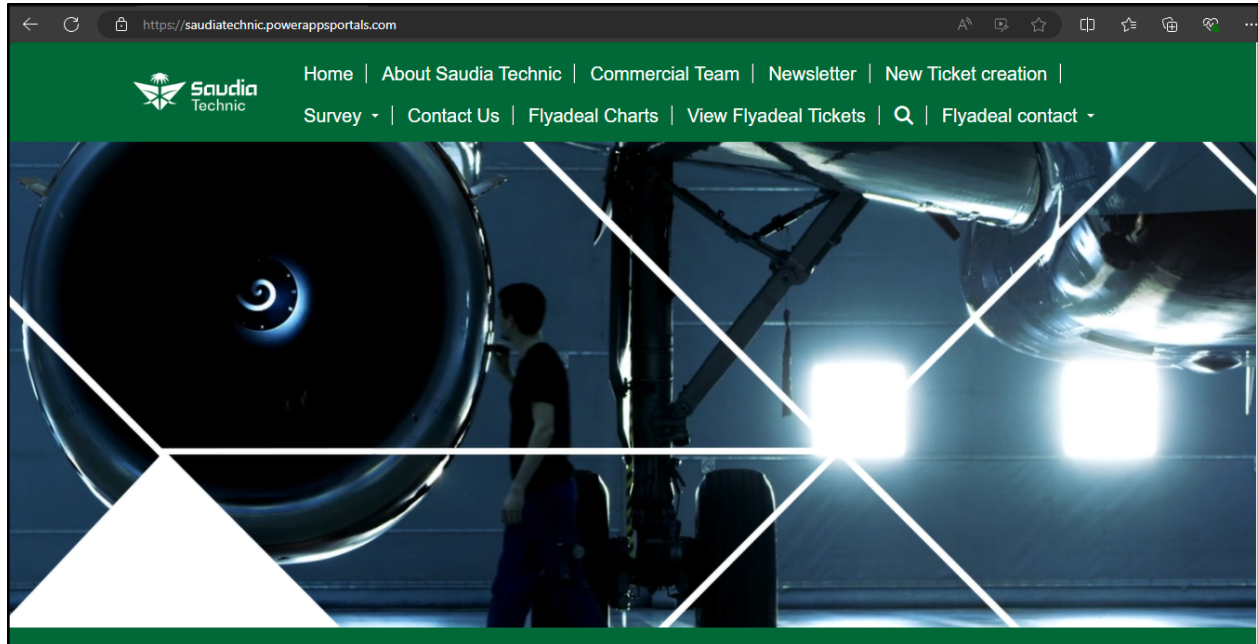

Write the username and password and click on the sign in button. After that, you will get as shown in the image below.

For example: Enter the required credentials to open the dedicated landing page

The image is a screenshot of a web browser displaying the sign-in page of the Saudia Technic portal. The browser's address bar shows the URL 'https://saudiatechnic.powerappsportals.com/SignIn?returnUrl=%2F'. The page has a green header with the Saudia Technic logo and the same navigation menu as the previous image. Below the header, the text 'Sign in' is centered. The main content area is titled 'Sign in with a local account'. It contains two input fields: '\* Username' and '\* Password', both highlighted with yellow boxes. Below these fields is a checkbox labeled 'Remember me?'. At the bottom of the form, there is a 'Sign in' button (highlighted with a yellow box) and a 'Forgot your password?' link.

The following page would be displayed.

## 7.1 New Ticket Creation

From the displayed page, click on the new ticket creation tab to raise the tickets for the concerned issue.

Fill in the required details regarding the case and click on the submit button then the ticket will be created, and then NEW CASE will be created in CRM.

Following screen shows the fields to be filled out:

### New Ticket

Case Title \*

Case Type \*

Case Category \*

Case Sub-Category \*

Email Address \*

Description \*

Name

Phone Number

Origin \*
